

# Race 2 Reopen

**How are  
countries  
reopening?**

Machine Generated Insights

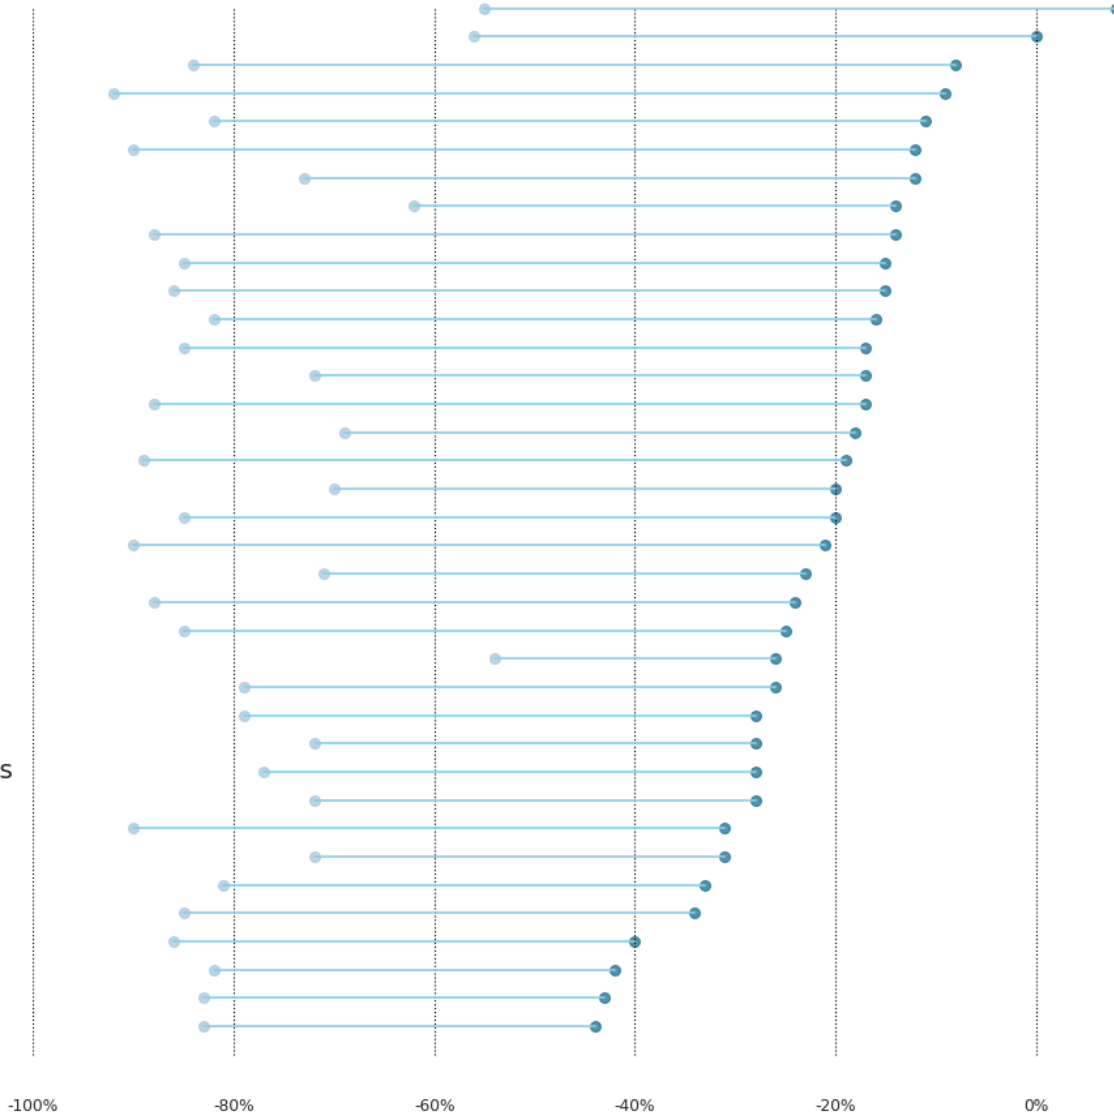

# Are people back at work?

- Taiwan & South Korea are up and running
- Sweden has no lockdown policy but attendance at workplaces is low
- “Unemployment” or “Work-From-Home” seems to be the norm in most nations with few crawling back to work e.g. Japan

## Lockdown MIN to Current Reopening MAX %change from Baseline

Taiwan  
South Korea  
Denmark  
Israel  
Sweden  
Poland  
Japan  
Nigeria  
Germany  
Switzerland  
Norway  
Australia  
Netherlands  
Brazil  
Austria  
Russia  
France  
Indonesia  
Turkey  
Italy  
Malaysia  
Belgium  
South Africa  
Thailand  
Argentina  
Saudi Arabia  
India  
United Arab Emirates  
United States  
Spain  
Mexico  
Canada  
Colombia  
Ireland  
Philippines  
Singapore  
United Kingdom

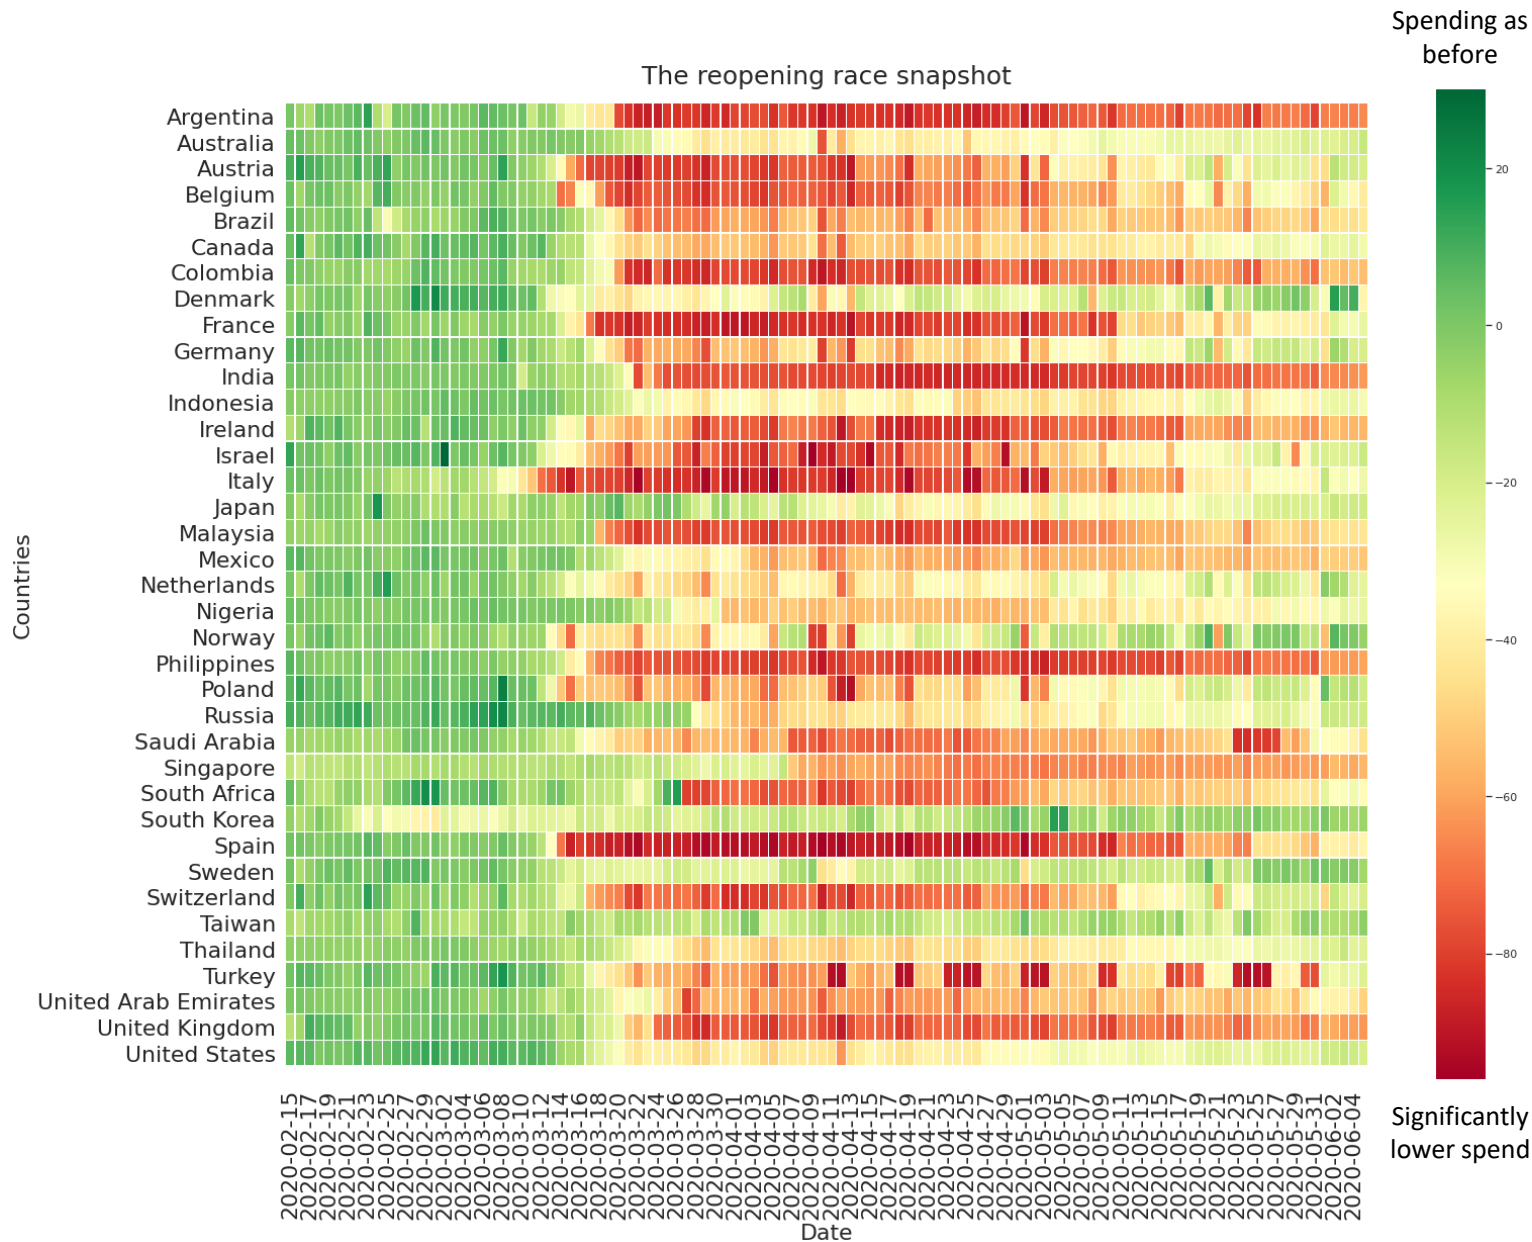

Note: Only Top 40 GDP countries shown excluding China & Iran

## Which countries are off the block?

- The length between Min & Max varies quite a bit and reflect the effectiveness of lockdowns
- Taiwan, South Korea are leading while many European countries follow especially Scandinavian countries
- US, UK, and Singapore lagging

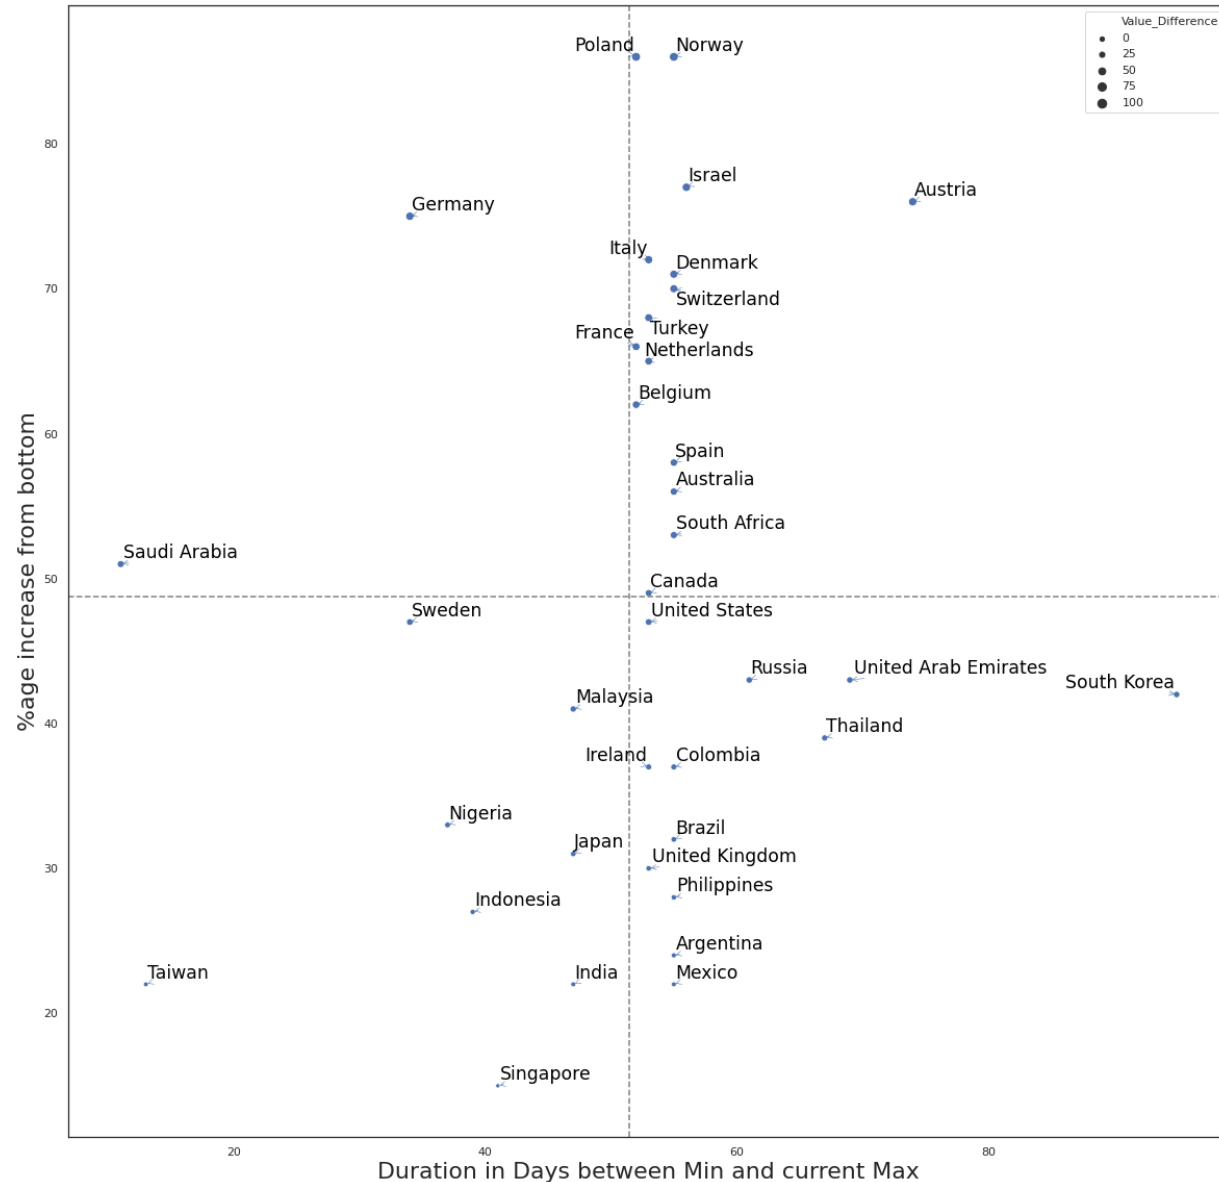

Note: MIN – Least busy date, Current MAX – busier than the MIN and MAX in timeframe post MIN date

# Is discretionary spending picking up?

- Taiwan & South Korea are again leading the pack
- Sweden's no lockdown policy seems to be working - recreational activities in full swing when compared to office visits
- USA seems to be picking up in recent weeks
- Scandinavian countries are off to a start- Denmark, Norway
- Germany reopening picking steam

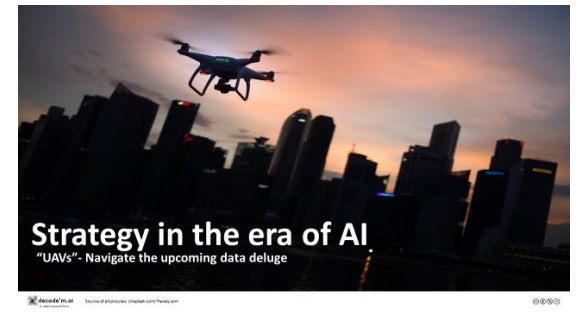

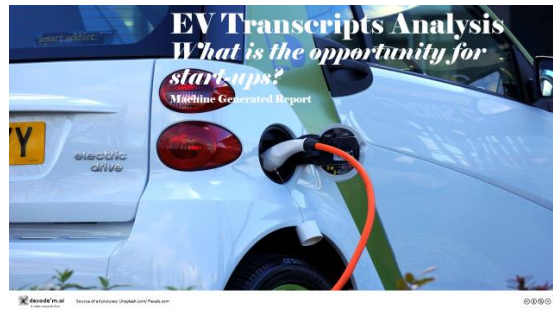

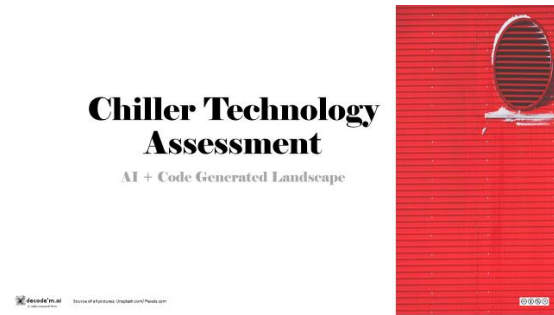

# Which economies show faster rebound in footfall?

Note: Only Top 40 GDP countries shown excluding China & Iran
